GOULD CHORUS OUTSTANDING IN INDEPENDENT SCHOOL MUSIC FESTIVAL

Walter Marcuse and the Gould Academy chorus can be justly proud of the special contribution they made to the outstanding success of the first annual Independent School Music Festival concert given on Saturday evening, May 3 at Gibson Recreational Center on the campus of Fryeburg Academy.

The splendid deportment of the Gould students was commented on by the Fryeburg principal, John H. Mitchell who extended the praise and compliments of faculty and host students.

For those who may at times be nostalgic in their longing for the cultural advantages which a metropolitan area affords, the feast of the Music Festival on May 3 appeared the hunger for beauty and artistry in music. The audience at Gibson Recreational Center in Fryeburg was fully prepared for less-than-professional performances but they were spellbound; silences were dramatic in appreciation of the sheer beauty of performance.

Under Fryeburg's Frank Pettillo's dynamic direction, the 75-piece band set the tone of confidence of the evening with Sousa's "Semper Parvula March," long time favorite. In direct contrast, to prove immediately the artistic range of the band, Massenet's "Angeline from Scenes Pittoresques" with its muted minors was equally well done.

The first choral offering, Galtier's "Gloria" was sung by the full Festival Chorus and expertly directed by John H. Mitchell of Fryeburg. Followed by "Hail for Voices" by Rowley with Walter Marcuse of Gould directing, the chorus had established itself comfortably with the audience in the latter number, the male chorus opening and the counter tenors achieved between boys' and girls' voices as well the clean attacks and releases were noteworthy. Individual talents were manifested in a piano duct, an accordion duct, and Miss Doris's and Mr. Rutherford's contributions at the organ.

The appearance of Gershwin's "Rhapsody in Blue" on the program seemed ambitious, and indeed it was; listening, without seeing the keyboards of Nancy Shaw and Patricia Palmer of Fryeburg, made one certain that his favorite recording artist was present.

To the same degree, Catherine and Sandra Batchelder of North Yarmouth captivated the audience with their "Pirate Overture" by Delno. The first presentation of the Girls' Festival Chorus was under the direction of Miss Clara Edger.

In the concluding words of John H. Mitchell, Principal of Fryeburg Academy, which played host to this first annual event, the boys and the girls of the academy proved to be a group for over 600 youngsters who joined together to present a concert which will now be repeated for years to come. The idea for the festival originated with Mr. Mitchell and was enthusiastically supported by the other directors; the

direction of Mr. Marcuse, and the band displayed confidence, stamens and real power in the old familiar passages so enjoyed by all music lovers.

The entire Festival Chorus presented the Negro spiritual "Go Down Moses", as arranged by N. Cain, with Mr. Pettillo directing. The number was more than satisfactory and was the perfect forerunner for O'Hara's "One World" in which the Festival Band added its full strength. The one number that could have filled a vast auditorium with its vigor was perfectly balanced and controlled by Mr. Marcuse's enthusiastic direction.

The Festival Chorus, with Mr. Pettillo directing, opened the second half of the program at 8:15 with Thompson's "Alleluia," one of the most difficult numbers on the program. The full voices of the boys' chorus, 70 strong, did full justice to Galtier's "Brothers, Sing On!" with the rousing, lilting tempo which, under Mr. Goldsmith's direction, was well sustained pointing to a jubilant finale. The enchanting "Ah, Meadow, Meadow" as arranged by Bartholomew, under Mr. Mitchell's adroit direction, was a highlight of the evening.

Waldteufel's "Espanso Waltz" under Mr. Pettillo's baton was outstanding; the double tonguing of Harry Haddock, the drum work and the rhythmic accuracy of the ensemble was infectious and the audience was duly responsive.

Miss Edgewood's Girls' Octette from Lee presented Babin's "The Green Cathedral" with choral effectiveness. Before their presentation, eight Fryeburg boys (The Fryeburg Priests) had disappeared from the chorus. They emerged as the Barber Shop Quartette replete with guitars, arm bands, mustaches and straw hats. Realizing the imminent conclusion of the program, the audience was reluctant to settle for their "After Dark" and encore of "My Wild Irish Rose" and was tumultuous in its applause.

"It's a Good Day" by Lee Barber was most appropriate for a final number for the Festival Chorus; indeed had been a good day and under Mr. Goldsmith's hand and Mr. Marcuse at the piano, the whole group relaxed and swung in to the spirit of the number and carried the audience completely. The finale came with the presentation of The Old Hundred Psalm Tune with all stops out—the chorus, band, organ and congregation joined in the opening and closing verses while the congregation listened to the intervening verses. There were moist eyes and a general feeling of "well done" for all.

In the concluding words of John H. Mitchell, Principal of Fryeburg Academy, which played host to this first annual event, the boys and the girls of the academy proved to be a group for over 600 youngsters who joined together to present a concert which will now be repeated for years to come. The idea for the festival originated with Mr. Mitchell and was enthusiastically supported by the other directors; the

BETHEL INN LISTED IN 1958 DUNCAN HINES "VACATION GUIDE"

The Bethel Inn has received national recognition in the new 1958 edition of Duncan Hines "Vacation Guide" just off the press.

It is the only resort in Bethel, Maine, and among some 1,000 vacation places in the United States recommended by Duncan Hines.

There are a total of 1300 resorts listed in this new edition for the U. S., Canada, Mexico, the Caribbean, Bermuda, and Hawaii.

According to the publisher, the Duncan Hines Institute, Ithaca, N. Y., it is the thirteenth printing for this 264-page travel guide book. It is the companion edition to the other two Duncan Hines travel guide books, "Adventures in Good Eating" and "Lodging for a Night," which have been used by millions of Americans for nearly a quarter of a century.

"This is the largest and most extensively revised edition we have published of 'Vacation Guide,'" stated Roy H. Park, vice-president of the Duncan Hines Institute.

"Starting with a new four-color wrap-around Americana map cover, showing regional vacation attractions, we revised this 1958 edition," he explained, "so that anyone using this book could plan a vacation right in their own armchair, not only have fun doing it, but have more fun on their holiday."

As an example of the choices available, he pointed out that in the Caribbean one can choose from such exotic and colorful islands as the Bahamas, Antigua, Barbados, Cuba, Curacao, the Dominican Republic and Haiti, Jamaica, Puerto

CARD OF THANKS

I wish to thank all who remembered me with cards and gifts while I was a patient in the Berlin hospital.

Lester Coolidge Sr.

Rico, Trinidad and Tobago, and the Virgin Islands.

"A special effort was made," he said, to offer variety in the choice of specific resorts—for winter or summer vacation, roughing-it or dress up, and for every size of budget.

"We also list for the first time the specific recreational facilities on the premises of the resorts. Wherever possible we have described the type of guests to which the resorts cater. Of course, we have included every bit of necessary information for the detailed planning such as location, address, telephone number, reservation requirements, seasons open and dates."

"To give the vacation-planner all the facts and figures in one compact guide book," he stated, "there are regional, state and area descriptions. Included is such information as climate, rail and air transportation, geographical location, historical and sightseeing points of interest and principal industries, not only for the United States—which is divided into eight vacation regions—but for all the listed vacation lands."
